Services

Companion Care: A less-intensive, non-medical form of home care. Allow your loved one to live an independent life with fulfillment and joy; while having a piece-of-mind when you cannot be there.

Personal Care: The next level of service which includes all Companion Care has to offer, while also attending to the physical needs of your loved one. This care is fitting for those who require a higher degree of assistance due to an injury, disability, or aging. It's no surprise that good personal hygiene is very important to the physical and mental needs of everyone. Our caregivers are specially trained in personal hygiene and other personal care services, focusing on preserving and maintaining the dignity, comfort and health of each client.

Medication Reminders: Our caregivers cannot administer Medications unless approved by a family member. However, they can provide reminders for oral medications or injections and the monitoring of side effects or other medical issues.

Stroke Care: When someone has a stroke, they need time to adjust to a new normal with new abilities. Our Caregivers provide relief for you and your family with knowledgeable caregivers who understand the chronic care needs of those who have experienced a stroke. Our compassionate caregivers patiently work through your loved ones communication difficulties to promote their dignity, preferences and lifestyle choices.

Walking Assistance, Mobility and Positioning:

Our clients benefit from regular movement which results in improvements physically and mentally. This movements helps with digestion and circulation. It provides a lot of stimulation of the mind. Our caregivers carefully consider the physical limitations of each individual client and adjust accordingly. We also make sure the client maintains proper postures while going about their activities of daily living.

In Home Hospice: When your loved one needs hospice care assistance, you need to know they will be safe. What better way to provide peace of mind knowing your loved one is at home? Our caregivers help to maintain a safe environment for your loved one in the comfort of their home. We understand that this is a very difficult time for your entire family. You can count on us to keep your loved one supported and comfortable as possible.

Light housekeeping: Leave the cleaning to us! Safety and cleanliness in the home are very important. Our caregivers provide services including vacuuming, dusting, trash removal, organizing and tidying. Caregivers also do light cleaning in the bathrooms and kitchen. We do not do tasks such as lifting or moving furniture, washing or cleaning windows but are happy to provide referrals when asked.

Special Diets, Meal Preparation, Eating Assistance:

Cooking and Cleanig is our job. Our caregivers can prepare regular meals focused on maintaining a healthy diet and nutrition. We can also prepared specific or special meal plans or diets. We are also happy to shop and prepare meals as per the clients request. We can get creative with healthy options.

Respite Care: Families need a break to maintain their own health. This is critical as caregiving can be immensely stressful. We can help relieve this stress of caring for a loved one by providing a much needed break to primary caregivers.
